

InternReady™ — Internship Application System

Track every application + email templates that actually get responses

THE APPLICATION TRACKER SYSTEM

Most students apply haphazardly and lose track. Use this system to manage 30-50 applications at once and never miss a follow-up.

TRACK THESE 10 COLUMNS FOR EVERY APPLICATION

1. Company Name
2. Role/Position
3. Date Applied
4. Application Method (LinkedIn/company site/referral)
5. Status (Applied / Phone Screen / Interview / Offer / Rejected / Ghosted)
6. Recruiter Name & Email
7. Follow-up Due Date (7 days after applying)
8. Notes (what you said, what they said)
9. Salary/Pay Rate
10. Excitement Level (1-5) — prioritize follow-ups on 4-5s

Use Google Sheets to track this. Free, always accessible, shareable with career counselor.

THE 30-50 APPLICATION STRATEGY

Most students apply to 5 companies and wait anxiously. The math favors volume:

- !50 applications ! ~15 phone screens ! ~5 first-round interviews ! ~2 final rounds ! 1 offer
- !Start applying in September for summer internships (most deadlines are October-December)
- !Apply to "reach," "match," and "safety" companies — 33% each
- !Don't self-select out — apply even if you don't meet 100% of requirements
- !Tailor each resume/cover letter — even 10 minutes of tailoring doubles your rate
- !Set a daily target: 3-5 applications per day for 2 weeks beats 20 in one panic session
