

The College Command Center™

Complete Notion Setup Guide — Your entire college life in one workspace

GETTING STARTED: YOUR WORKSPACE STRUCTURE

Your College Command Center is organized into 5 core sections. Set these up in order — each one builds on the last.

!Ø=ÜÜ ACADEMICS — All classes, assignments, and grade tracking

!Ø=Ü° FINANCES — Budget, expenses, and savings goals

!Ø=ÜÅ SCHEDULE — Weekly planning and time blocking

!Ø<β GOALS — Semester goals, habits, and personal growth

!Ø>Ý SOCIAL — Events, contacts, and networking

SECTION 1: ACADEMICS DATABASE

Create a new Notion page called "Academics" and add a Database (table view) with these properties:

!Assignment Name (Title)

!Class (Select: add each of your classes as options)

!Due Date (Date)

!Status (Select: Not Started / In Progress / Done / Submitted)

!Priority (Select: High / Medium / Low)

!Grade Received (Number)

!Notes (Text)

GPA Calculator formula (add as a Formula property): $((\text{Class1_Credits} \times \text{Class1_GPA}) + \dots) \div \text{TotalCredits}$

Create 3 views: (1) All Tasks — full table view. (2) This Week — filter by Due Date = this week. (3) By Class — group by Class property.

Habit that separates Dean's List students: Open this database every Sunday night, review the week ahead, and set priorities before Monday.

SECTION 2: FINANCE TRACKER

Create a new Notion page called "Finances" with:

MONTHLY BUDGET PAGE

!Add your monthly income at the top (job, allowance, financial aid stipend)

!Create sections: Fixed Expenses, Variable Expenses, Savings

!List every fixed expense with amount and due date

!Set a "Remaining Budget" formula: $\text{Income} - \text{Fixed} - \text{Variable Budget}$

!Update Variable spending weekly (takes 5 minutes)

EXPENSE LOG DATABASE

!Date (Date), Description (Title), Amount (Number), Category (Select), Payment Method (Select)

!Categories: Food / Transport / Entertainment / Shopping / School / Health / Other

!Review every Sunday: which category went over? Why?
